

National Cadet Corps (NCC)
University College of Engineering- BIT Campus
Anna University Tiruchirappalli-620024

2(TN) INFANTRY BATALLION

UCE-BIT Campus has National Cadet Corps 2(TN) Infantry Battalion. The unit was established in the erstwhile Anna University Tiruchirappalli at 2008. The present BIT Campus NCC unit is running under 2(TN) Battalion, 13th company.

This NCC unit is installed in the campus to establish the practice of the values insisted upon as per the goals and objectives of the College. The units emphasize on developing qualities of character, courage, comradeship, discipline, adventure, sportsmanship and the ideal of selfless service among the students so that they become useful and responsible citizens. NCC trains and provides an avenue for young aspirants to join the armed forces. The approved unit cadet strength is 104 nos. which includes 33 SW and 71 SD cadets.

In every academic year, the training programmes of the units include 80 hours (120 periods) of parades. Besides of regular parades, the NCC units also conduct Annual Training Camps with 10 days in our BIT Campus and also the cadets are allocated for social services. The cadets are also given training for the B and C certificates examination every year conducted by NCC.

Lt.Dr.A.Viswanathan, Assistant Professor, Department of physics is commissioned as Lieutenant in March 2017 and appointed as Associate NCC Officer.

Lt.Dr.A.Viswanathan
