Anna University, BIT Campus Tiruchirappalli

Anna University, BIT Campus, Tiruchirappalli, has been established by the Government of Tamil Nadu as a 'Technical Institution' at Tiruchirappalli - known as Rock Fort city, with rich cultural heritage and home to many reputed educational institutions. The BIT institution is one of the constituent colleges of Anna University, Chennai. The Institution is established with a view to impart quality student-centered technical education, so as to produce proven technocrats and to strive hard for continuous development and improvement in learning, research and developmental activities. Teaching, Research and Extension services are carried through the Departments and Centers of the Institution. The Institution also works towards fostering partnerships with Academic and Industrial experts to provide quality education and opportunities for entrepreneurial development by providing hands-on training. BIT has carved a niche for itself in providing technical education in the disciplines that are rare of their kind in our country.

Department of Electrical and Electronics Engineering

The Department of Electrical and Electronics Engineering was established in the year 2007 as part of the Anna University, BIT Campus, Tiruchirappalli. The Department today is recognized for teaching and for providing an outstanding research environment for staff and students. The Department provides professional training and at the same time to participate actively in applied and theoretical research. The Department strives to instill in students the attitudes, values, vision and training that will prepare them for lifetimes of continued learning and leadership, to develop the ability and passion for working wisely, creatively, and effectively for the benefit of society; to generate new knowledge for the betterment of humankind and disseminate it universally; and to generate realistic and innovative solutions for the current and future technological needs.

Objective of the FDTP

- To provide an excellent opportunity for faculty members working in institutions affiliated to Anna University, Chennai.
- To introduce the concepts in a different perspective and to impart better knowledge and understanding of the subject.
- To understand the concepts through illustrations and hands on experience.

Topics to be covered:

- Basic concepts of control system and its application.
- Modeling of Electrical and mechanical systems.
- Time Response Analysis
- Frequency Response analysis
- Stability Analysis
- Compensator Design
- State Variable Analysis

Resource Person

Faculty from Anna University, NIT and External Experts from Academia and Industry

Registration Fee

There is **no registration fee** for this FDTP (Total Number of participants is strictly restricted to 25 with a minimum of 20 external participants)

Who Can Participate

Faculty from affiliated Engineering Colleges only
Eligible for this FDTP
