ABOUT THE INSTITUTE:

Anna University, University College of Engineering, BIT Campus, Tiruchirappalli was established by the Government of Tamil Nadu as a "Technical Institution" at Tiruchirappalli known as Rock Fort city, with rich cultural heritage and home to many reputed educational institutions. University College of Engineering, Bharathidasan Institute of Technology Campus, Tiruchirappalli is a constituent institution of Anna University Chennai. The Institution is established with a view to impart quality student centered technical education, so as to produce proven technocrats and to strive hard for continuous development and improvement in learning, research, and developmental activities. Teaching, Research, and Extension services are carried through various Departments and Centers of the Institution. The Institution also works toward fostering partnerships with academic and industrial experts to provide quality education and opportunities for entrepreneurial development by providing hands-on training. BIT has carved a niche for itself in providing technical education in the disciplines that are rare of their kind in our country. Aiming at excellence, the Institution offers Research program and UG/PG program in various disciplines.

ABOUT THE DEPARTMENT:

The Department of Biotechnology was started in the year 1999 with a vision to develop technical manpower in the wide area of biotechnology. It is a NBA Accredited "DST- FIST and AICTE- MODROB Sponsored Department" and is currently offering B.Tech., M.Tech., MS (by research), and Ph.D. degree program in Biotechnology. The department attracts meritorious students for both B.Tech. and M.Tech. Degree program. The UG and PG program are designed to train the students to become masters who can identify a problem and to solve it through biotechnological approaches.

VISION:

To develop technical manpower in biotechnology to enhance the knowledge and skill to solve problems and challenges countenanced by the industry and academia for betterment of the society.

MISSION:

- ❖ To provide an academic environment that emphasizes critical thinking.
- ❖ To encourage intellectual depth and creativity of the students.
- ❖ To establish institute industry interaction through projects and training.
- ❖ To promote the students to adhere professional ethics and safety considerations for the societal benefits.
- ❖ To motivate the students to pursue higher studies in various spheres of technology.

OBJECTIVES :

- ❖ To bridge the gap between fundamental discoveries and practical applications in biotechnology for global impact.
- ❖ To promote interdisciplinary innovations that address health, environment, and industrial challenges.
- ❖ To accelerate translational research that transforms laboratory findings into sustainable solutions for society.
